The Executive Board of Arkansas Federation of Young Republicans, Inc. announces its unanimous vote to endorse Nicolee Ambrose of Maryland and Tim Kolpien of New York for Chairman and Co-Chairman of the Young Republican National Federation, Inc.

AFYR Chairman, David McCoy, stated, "Nicolee has proven herself as an outstanding and effective leader in her own state of Maryland and as YRNF Secretary. She is an excellent choice for National Chair. Likewise, Tim displays impressive leadership ability and experience as a professional, a community volunteer, as well as in his years of commitment to the Young Republicans."

Arkansas National Committeeman, Lance Lemmonds, commented, "Nicolee is honest, forthright and follows through on her commitments, which I believe are the three most important characteristics of a quality leader. These qualities will serve the YRNF well in the next two years."

Leslie C. Rutledge, Arkansas National Committeewoman, noted, "The YRNF has long since struggled in search of strong leadership. Nicolee and Tim exemplify the sort of leaders we must have in order to achieve the purpose of the organization. I am confident that both will work tirelessly to ensure that the YRNF reaches its goals to communicate nationally among YRs, to fundraise for candidates and causes, and to set an example for other organizations. Time and again, Nicolee and Tim have demonstrated their willingness to communicate with the leaders of sister states, take under advisement their concerns, and implement their ideas when appropriate. I am genuinely thrilled we have such candidates stepping forth to take on the task of leading us into the next election cycle."

AFYR is confident that Ambrose/Kolpien will lead the national organization in a positive, forward motion toward its conservative goals and will successfully lead the YRNF back to the top of affiliate organizations of the Republican National Committee.
