Baltimore, MD, March 5, 2005-The home state of Nicolee Ambrose announced today that they have voted to unanimously endorse Team Ambrose to lead the YRNF from 2005-2007.

"The Maryland Young Republicans and the Maryland Republican Party have come a long way. We have a wonderful Republican Governor and Lieutenant Governor for the first time in nearly 40 years. As in Maryland, I hope that as leaders of the YRNF we can contribute to making the Republican Party even more successful throughout our great country," said Ambrose.

Maryland's Governor Bob Ehrlich and Lieutenant Governor Michael Steele have endorsed Nicolee to lead the YRNF and continue her record of supporting the Republican Party.

"There is nothing like having your own state come out and support your efforts. In Maryland we've built a great team and we have always looked at any success attained by an individual member as our state's success. While I am very excited about being the next Chairman of the YRNF, I am equally excited to represent the state of Maryland," Nicolee continued.

MYR National Committeewoman Gineen Bresso added, "It is an honor to have YRs from across the nation come to a small state like Maryland and ask for our State Chair to become our National Chair."

In addition to the unanimous endorsement by the Maryland Young Republican Executive Board, they also announced that they will be invoking Unit Rule when voting in Las Vegas this summer. All of Maryland's delegate votes will be cast for Team Ambrose in Las Vegas.
